

Mohamed Sayed

Frontend Engineer | React • Next.js • TypeScript

Remote (ET / CT) • mohamedsayed.dev01@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFILE

Frontend Engineer with 1+ years of experience building fast, responsive web apps using React, Next.js, and TypeScript. Combines a solid foundation in UI/UX principles with web performance optimization and backend fundamentals (REST APIs, databases, secure auth). Collaborates in real-time across full ET / CT hours.

SKILLS

- Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3
- Frontend & UI: React.js, Next.js (App Router), Tailwind CSS, Framer Motion, Redux
- Backend & Data: Supabase, Node.js, Express.js, PostgreSQL, RESTful APIs
- Tools & Platforms: Git, GitHub, Vite, Postman, Vercel, Figma

EXPERIENCE

Freelance Frontend Developer | Remote Aug 2025 – Present

- Developed and deployed production-ready web applications using React, Next.js, and TypeScript, delivering fast and accessible user interfaces.
- Integrated backend services with Supabase, implementing secure authentication, PostgreSQL database CRUD operations, and protected routing.
- Translated Figma prototypes into responsive web applications maintaining 90+ Lighthouse performance and SEO scores.

PROJECTS

Iron Pulse — Fitness Gym Web App | Next.js, TypeScript, Tailwind, Supabase [Live Demo](#) | [GitHub](#)

- Built a responsive fitness web app featuring interactive class schedules, coach profiles, and digital booking
- Implemented bilingual internationalization (English/Arabic with RTL support) and dynamic dark/light theme

HavenEstate — Luxury Real Estate Marketplace | Next.js, TypeScript, Tailwind [Live Demo](#) | [GitHub](#)

- Developed a property discovery platform with real-time multi-criteria filtering by location, property type, and price range.
- Implemented strict TypeScript data models and achieved a 100/100 Desktop and 96 Accessibility score on Lighthouse

E-Commerce Store & Admin Portal | React, JavaScript, Tailwind, Supabase [Live Demo](#) | [GitHub](#)

- Engineered an online shop with client-side shopping cart state and category search
- Created an admin inventory management dashboard allowing authorized users to create, edit, and delete product listings.

EDUCATION

Bachelor of Science in Computer Science | Sadat Academy for Management Sciences

LANGUAGES

English (Fluent) • Arabic (Native)
